

Product Profile

Name:	Deodorex – Surface Odour Treatment
Description:	A biological product designed to achieve environmental odour control in enclosed hard surface areas of livestock housing.
Function:	A biological treatment containing bacteria and hydrolytic enzymes formulated to degrade the organic wastes and odours produced by intensive livestock housing situations thereby improving the ambient environment. Treatment with Deodorex results in a lower pathogen environment and better air quality with overall improved animal health and well being.
Application:	<u>Calf Hutches, Loose Barns, Poultry Houses, Pens & Other Enclosures</u> Dissolve Deodorex in warm (NOT HOT) water at the rate of (25g) of powder per 5 litres of water and mix thoroughly until completely dissolved. Spray the solution at the rate of 1 litre per 50 square feet of surface taking care to ensure even coverage. Repeat weekly or as required to maintain adequate odour control. <u>Feedlots, Stockyards & Open Runs</u> Dissolve 1kg of Deodorex in at least 25 litres of warm water before adding mixture to at least 400 litres of water. Spray evenly over 10,000 square feet of treatable surface. Repeat after two weeks and thereafter use at 1/3 rate as required to maintain adequate control.
Ingredients:	Bacillus subtilis, Bacillus licheniformis and Bacillus amyloliquefaciens fermentation products; Cellulase, xylanase, amylase, protease and lipase; Dextrose, sodium bicarbonate, yeast extract, calcium silicate.
Storage:	Store in a cool dry area in original sealed packaging. Keep jar closed when not in use.
Shelf Life:	This product contains live microorganisms. Store in a cool dry place in original packaging. Use within one year of date of manufacture.
Packaging:	Available in units of: 1 kg jars 5 kg buckets
Typical Analysis:	
Microbial:	Bacillus spp @ 2×10^8 cfu/g
Nutritional: (% D.M.)	N/A
Physical Characteristics:	
Colour:	Off white
Odour:	Neutral
Texture:	Powder
Bulk Densities:	0.68 - 0.75 g/cc
Manufactured By:	Micron Bio-Systems Ltd, BFF Business Park, Bath Road, Bridgwater TA6 4NZ Approved Facility (EC) 183/2005 α GB 280/0022 FEMAS Certificate No. 44567
